1. What is a Target Market Determination?

A Target Market Determination (TMD) is a determination that Vero has made to:

- describe the class of Customers this product has been designed for;
- specify product distribution conditions;
- specify TMD review periods and triggers; and
- set out reporting requirements.

This TMD assists Vero staff, our Distributors and Customers in understanding the target market for this product.

In this TMD, distribution includes the following conduct in relation to Customers:

- dealing in the product (e.g. issuing or arranging for the product to be issued to a Customer);
- giving a PDS or other regulated disclosure document; and
- providing financial product advice in relation to the product.

This TMD is not a PDS and is not a summary of the features or terms of the Product.

2. What product does this TMD apply to?

This TMD applies to the products contained in the PDS to the extent described as follows:

- Policy Section 1 - Property Damage;
- Policy Section 2 - Theft;
- Policy Section 3 - Glass;
- Policy Section 12 - Commercial Motor.

Policy Sections 1, 2 and 3 are retail products to which this TMD applies if the policy insures a building which is used or intended to be used principally and primarily as a place of residence.

Policy Section 12 is a retail product to which this TMD applies if the policy insures vehicles not exceeding 2 tonnes.

There are other policy sections contained in the PDS but they are not retail insurance products and therefore not subject to this TMD.

3. What is the target market for this product?

The target market for this product is those Customers it is likely to be suitable for taking into account:

- the key attributes;
- the likely objectives, needs and financial situation of Customers who will acquire the policy; and
- key eligibility and suitability criteria.

3.1 What are the key attributes of this product?

The Vero Business Insurance Solutions Pollards Firearm and Accessories and Shooting Club Scheme product offers a range of covers under 12 policy sections. A Customer can select policy sections to tailor cover under their policy to meet their own objectives, needs and financial situation. Each policy section is underwritten and quoted on an offer and acceptance basis in accordance with Vero's underwriting rules. These underwriting rules also set out which policy sections are mandatory, and which are available depending on the Customer's circumstances.

The choices the Customer can make will impact the kind and scope of cover, policy limits, excess amount, policy premium amount and structure.

Customers can adjust the premium, and some other amounts payable under the policy, to suit their circumstances by choosing from a range of excesses, amounts of cover and options.
